NEW HAMPSHIRE TECHNICAL GUIDE NOTICE NO. 12

TO: All Holders of the New Hampshire Technical Guide Handbook

The New Hampshire Home Page has been recently updated to include access to the latest updated Practice Standards and Specifications. This information is available under "Technical Resources", "NH Field Office Technical Guide Standards and Specifications". Information in the FOTG is also being entered into a new national electronic version of the FOTG. The web address for this site is: <http://my.nrcs.usda.gov/>. You will need your PRMS login name and password to enter this site. This site will become available to the general public in the near future and will become the official web site for all FOTG information in electronic form. As time permits we will move all FOTG information from the Home Page to this site.

Please make the following changes and updates to the Field Office Technical Guide: **After making these changes, please file this notice in the front of Section I.**

SECTION I - General Resource References

Remove and destroy old General Reference List and insert new list dated 8/02

Well Testing	Move to an Archived Section
Milking Center Waste Water Treatment System (719)	Move to the "State Standards" Section
Water Testing (731) <i>new</i>	Insert in the "State Standards" Section

The Technical Guide Committee has been working on changing the layout of the FOTG and inserting new section tabs. When this work is completed in a working session to rebuild the FOTG's for each office, a notice will be sent out adopting the final layout as the official copy. In this same time frame, the new e-fotg web site will be constructed to contain the same information and paper copies of the FOTG will be optional.

GERALD J. LANG
Assistant State Conservationist for Technology

Enclosure: New Reference List
New Section IV Index
42 new Standards
